

RESPONSIBLE AND ETHICAL CONDUCT OF RESEARCH (RECR) – Course Listing*

DIVISION	DEPARTMENT OR PROGRAM	PERSON	TRAINING	TIMING
ENGINEERING	Quantum Engineering	Graduate Student	Intro RCR Module	Upon Matriculation
	School of Engineering and Applied Sciences (all departments and programs)	Graduate Student	Intro RCR Module EGR 501	Upon Matriculation G1/G2
		Postdoctoral Researchers	CITI Program RCR Course	Within six (6) months of initial appointment
		Grant Funded Undergraduate/Visiting Student	CITI Program RCR Course	Prior to beginning research or within one (1) year; always prior to leaving Princeton
DIVISION	DEPARTMENT OR PROGRAM	PERSON	TRAINING	TIMING
HUMANITIES	Architecture	Graduate Student	Intro to RCR Module	Upon Matriculation
	Art & Archeology			
	Classics			
	Comparative Literature			
	East Asian Studies			
	English			
	French & Italian			
	German			
	Music Composition			
	Musicology			
	Near Eastern Studies			
	Philosophy			
	Religion			
	Slavic Languages & Literatures			
Spanish & Portuguese				
DIVISION	DEPARTMENT OR PROGRAM	PERSON	TRAINING	TIMING
NATURAL SCIENCES	Astrophysical Sciences	Graduate Student	Intro RCR Module	Upon matriculation G1/G2
		Postdoctoral Researcher	CIT Program RCR course	Within six (6) months of initial appointment
		Grant funded undergraduate/visiting student		Prior to beginning research or within one (1) year; always prior to leaving Princeton
	Atmospheric & Ocean Sciences	Graduate Student	Intro RCR module	Upon matriculation
		Graduate Student	GEO/AOS 503	G2
		Postdoctoral Researcher	CITI Program RCR course	Within six (6) months of initial appointment
		Grant funded undergraduate/visiting student	CITI Program RCR course (juniors and/or seniors can take GEO/AOS503)	Prior to beginning research or within one (1) year; always prior to leaving Princeton
	Biophysics	Graduate Student	Intro RCR module	Upon matriculation

NATURAL SCIENCES			CITI Program RCR course	Upon matriculation, within 90 days	
			QCB 501	G2/G3	
	Chemistry	Graduate Student		Intro RCR module	Upon matriculation
				CHM 500	G3
		Postdoctoral Researcher		CHM 500	Within one (1) year of initial appointment
	Chemistry	Grant funded visiting student		CITI Program	Prior to beginning research or within one (1) year; always prior to leaving Princeton
		Grant funded undergraduate		Ethics training	Junior year
	Ecology & Evolutionary Biology	Graduate Student		Intro RCR module	Upon matriculation
				EEB 506	G1/G2
		Postdoctoral Researcher		CITI Program RCR course	Within six (6) months of initial appointment
		Grant funded undergraduate/visiting student		CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton
	Geosciences	Graduate Student		Intro RCR module	Upon matriculation
				GEO/AOS 503	G2
		Postdoctoral Researcher		CITI Program RCR course	Within six (6) months of initial appointment
	Grant funded undergraduate/visiting student		Prior to beginning research or within one (1) year; always prior to leaving Princeton		
	Mathematics	Graduate Student		Intro RCR module	Upon matriculation
				MAT 500	G2
		Postdoctoral Researchers		CITI Program RCR course	Within six (6) months of initial appointment
		Grant funded undergraduate/visiting student		CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton
	Molecular Biology	Graduate Student		Orientation Workshop	Upon matriculation
				MOL 561	G2
				Refresher Workshop	G5
		Postdoctoral Researcher		MOL 561 (NIH Funded fellows only); CITI Program RCR (all others)	Prior to beginning research or within one (1) year; always prior to leaving Princeton
		Grant funded undergraduate/visiting student		CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton
Neuroscience	Graduate Student		Intro RCR module	Upon matriculation	
			NEU 592	G2	
	Postdoctoral Researcher		NEU 592	Within six (6) months of initial appointment	
	Grant funded undergraduate/visiting student		CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton	

NATURAL SCIENCES	Physics	Graduate Student	CITI Program RCR course	G1/G2	
		Postdoctoral Researcher		Within six (6) months of initial appointment	
		Grant funded undergraduate/visiting student		Prior to beginning research or within one (1) year; always prior to leaving Princeton	
	Plasma Physics	Graduate Student	Intro RCR module	Upon matriculation	
			CITI Program RCR course	G1/G2/G3	
		Postdoctoral Researcher	CITI Program RCR course	Within six (6) months of initial appointment	
	Psychology	Graduate Student	Intro RCR module	Upon matriculation	
			PSY 591A or NEU 592	G2	
		Postdoctoral Researcher	PSY 591 or NEU 592	Within six (6) months of initial appointment	
	Quantitative and Computational Biology	Graduate Student		Intro RCR module	Upon matriculation
				CITI Program RCR course	Upon matriculation, within 90 days
				QCB 501	G2/G3
		Postdoctoral Researcher		CITI Program RCR course	Within one (1) month of initial appointment
					When required by a specific funding source
		Grant funded undergraduate/visiting student	CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton	
Quantum Sciences	Graduate Student	Intro RCR module	Upon matriculation		
DIVISION	DEPARTMENT OR PROGRAM	PERSON	TRAINING	TIMING	
SOCIAL SCIENCES	Anthropology	Graduate Student	Intro RCR module	Upon matriculation	
			ANT 500 or CITI Program RCR Course	G1/G2	
		Postdoctoral Researcher	CITI Program RCR course	Within six (6) months of initial appointment	
	Grant funded undergraduate/visiting student	CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton		
	Economics	Graduate Student	Intro RCR module	Upon matriculation	
		ECO 505	G1		
	Postdoctoral Research	CITI Program RCR course	Within six (6) months of initial appointment		

SOCIAL SCIENCES		Grant funded undergraduate/visiting student	CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton
	History	Graduate Student	Intro RCR module	Upon matriculation
			HIS 503	G2
		Postdoctoral Researcher	CITI Program RCR course	Within six (6) months of initial appointment
		Grant funded undergraduate/visiting student	CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton
	History of Sciences	Graduate Student	Intro RCR module	Upon matriculation
			HOS 503	G2
		Postdoctoral Researcher	CITI Program RCR course	Within six (6) months of initial appointment
		Grant funded undergraduate/visiting student	CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton
	Politics	Graduate Student	Intro RCR module	Upon matriculation
			POL 599	G1
		Postdoctoral Researcher	CITI Program RCR course	Within six (6) months of initial appointment
		Grant funded undergraduate/visiting student	CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton
	Population Studies	Graduate Student	Intro RCR module	Upon matriculation
	School of Public and International Affairs	Graduate Student	Intro RCR module	Upon matriculation
			One of the following courses POL 599, EEB 506, EGR 501, GEO 503, SOC 545	G2
		Postdoctoral Researcher	CITI Program RCR course	Within six (6) months of initial appointment
		Grant funded undergraduate/visiting student	CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton
	Sociology	Graduate Student	Intro RCR module	Upon matriculation
			SOC 545	G2
Postdoctoral Researcher		CITI Program RCR course	Within six (6) months of initial appointment	
Grant funded undergraduate/visiting student		CITI Program RCR course	Prior to beginning research or within one (1) year; always prior to leaving Princeton	

*See [Policy](#) and [Decision Tree](#) for list of individuals required to take RCR training.
