The mentor’s goals: The mentor may enroll in the program with the intent of building relationships and/or expanding his/her professional network, enhancing his/her career, or a variety of other reasons.

- Develop a formal meeting schedule. The time commitment for the formal meeting schedule is expected to be 1 hour per month, either as a 1-hour monthly meeting, a 30-minute biweekly meeting, or similar. The meeting schedule should be submitted to the Steering Committee within one month from match.
- Establish parameters around informal check-ins. It is expected that the mentor will serve in a limited “on call” capacity to the mentee. In addition, informal meetings such as attending on-campus training sessions or grabbing lunch/coffee together are highly encouraged.
- Develop an action plan of meeting the established goals, including the mentee’s preferred learning style(s). Some mentees will prefer to listen to the mentor discuss a question, while others will prefer to watch the mentor perform a task. Everyone learns differently, so be sure to account for preferences of the mentee.
